HDB’s Sales Launch November 2019
At Home with Nature

Located in the new Tengah town, Plantation Village will be situated in the Plantation District. The development is bounded by Tengah Drive and Plantation Crescent, and is conveniently located next to an upcoming MRT station. Plantation Village comprises 15 residential blocks with heights ranging from 6 to 15 storeys. You can choose from 1,420 units of 2-room Flexi, 3-, 4-, and 5-room flats.

With a Neighbourhood Centre located within the development, Plantation Village will offer a wide range of dining and shopping options right next to home. Restaurants, shops, a childcare centre, an education centre, and a Residents’ Committee Centre are conveniently located here as well.

Landscaped courtyards and roof gardens within Plantation Village are designed for residents to meet and interact with each other, and foster a strong community spirit. Outdoor facilities such as fitness stations and playgrounds can be found within Plantation Village, as well as at the adjacent common green.

Plantation Village will be served by Jurong Region Line MRT stations as well as bus services leading to the city and nearby towns. With an extensive network of walking and cycling paths, residents will also be able to walk and cycle everywhere in Tengah. The nearby Garden and Plantation Farmways are key features of the Garden and Plantation Districts, that will foster a new lifestyle centred on community gardening and urban farming. Key amenities such as a Community Club, Neighbourhood Centre, and a shopping street will line the Plantation Farmway, making it a vibrant spot for residents to gather.

Please refer to the site plan for the facilities provided in Plantation Village. Facilities in this development will be accessible by the public.
Important Notes

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/facilities (such as childcare centres, elderly-related facilities, education centres, residents’ committee centres and day activity centres), commercial facilities (such as shops and eating houses), mechanical and electrical rooms and such other facilities depending on the prevailing needs. These spaces could be in the void decks, common property, car parks or stand-alone community buildings.

To facilitate your flat selection, we have provided information on the surrounding land use, proposed facilities and their locations in the maps and plans in this brochure. As the information provided is based on the current planning intent of the relevant government agencies, they are indicative only and are subject to review from time to time.
The information contained herein is subject to change at any time without notice and cannot form part of an offer or contract. While reasonable care has been taken in providing this information, HDB shall not be responsible in any way for any damage or loss suffered by any person whether directly or indirectly by a result of reliance on the said information or as a result of any error or omission therein.

Notes:
- All proposed developments are subject to change and planning approval. The proposed facilities and their locations as shown are indicative only.
- Proposed Places of Worship includes examples like Church, Mosque, Chinese Temple, Hindu Temple, Sikh Temple, etc., subject to change and planning approval.
- Proposed Civic & Community Institution includes examples like Community Centre/Club, Association, Home for the Aged etc., subject to change and planning approval.
- Proposed Health & Medical Care includes examples such as Hospitals, Polyclinics, Clinics, Nursing Homes and Eldercare Facilities etc. subject to change and planning approval.
- The facilities as shown may include other ancillary uses allowed under URA’s prevailing Development Control guidelines. For example, places of worship and funeral parlours may also include columbarium as an ancillary use, while community centres may also include childcare centres, and schools may be upgraded or built with higher-rise blocks. The implementation of the facilities is subject to review from time to time by the relevant authorities. The future land use for former school sites are subject to review or changes by the relevant authorities.
- The alignment and the location of the future MRT line and stations are based on prevailing information and are subject to change.
- The land use has been revised from URA’s gazetted Master Plan 2014 and is proposed to be rezoned under URA’s Draft Master Plan 2019.
A Green Haven

Homes in Tengah town will be surrounded by lush greenery and nature, where residents can enjoy quality living and connect with the community in a myriad of amenities and green spaces. To harness nature’s benefits for greater environmental health and human well-being, HDB has applied its Biophilic Town Framework to guide the enhancement of existing natural assets and the development of neighbourhood landscapes in Tengah. Residents can look forward to nature-centric neighbourhoods that offer a strong sense of place, better well-being, and an enhanced quality of life.

A town-wide Active, Beautiful, Clean Waters design strategy will be introduced to treat stormwater runoff, drawing both people and fauna closer to nature and a varied landscape experience. For more details on Tengah town, please visit HDB’s exhibition (http://www20.hdb.gov.sg/fi10/fi10349p.nsf/tengah/indexcopy.html) at HDB Hub, Toa Payoh.

Tengah will be the first town to integrate with the area’s surrounding greenery and biodiversity. One major attraction will be the creation of an approximately 100-metre wide and 5km long Forest Corridor, a collaboration with National Parks Board, which will form part of the larger network of greenery that connects the Western Water Catchment Area and the Central Catchment Nature Reserve. Various tree species will be planted in the Forest Corridor to transform it into a rich forest habitat.

Complementing the Forest Corridor is the Forest Fringe, a 15- to 20-metre wide linear greenscape that will provide a tranquil and rustic environment for residents to enjoy flora and fauna, and envelop the town within a scenic and natural landscape. In addition, extensive park spaces, such as the Central Park and Community Farmways, will string key amenities and facilities together, providing a safe environment for residents to access their daily amenities.

Tengah will be the first HDB town to have a car-free town centre nestled next to a lush green park. To encourage green commuting, there will be dedicated walking and cycling paths along all roads to create seamless connections within the town. The upcoming Jurong Region Line and bus services will serve the public transport needs of residents.

Tengah is also the first HDB town to be planned with town-wide smart technologies from the outset. Guided by HDB’s Smart Town Framework, the Plantation District will integrate smart technology in its design, so that residents can enjoy a quality living environment. Autonomous vehicles will be piloted in Tengah town to provide convenient first-mile-last-mile connection to key transport nodes and amenities.

Vibrant commercial facilities are planned for the town centre and in the districts. Meanwhile, plenty of shopping and dining options are available in the nearby Bukit Batok town. Check out the heartland shops on Where2Shop@HDB (https://www.hdb.gov.sg/cs/infoweb/residential/where2shop/explore/bukit-batok).
Eco-Friendly Living

In a bid to go green for the earth, Plantation Village will have several eco-friendly features to encourage green and sustainable lifestyles, such as:

- Separate chutes for recyclable waste
- Regenerative lifts to reduce energy consumption
- Bicycle stands to encourage cycling as an environmentally-friendly form of transport
- Parking spaces to facilitate car-sharing schemes
- Use of sustainable and recycled products in the development
- Active, Beautiful, Clean Waters design features to clean rainwater and beautify the landscapes

Smart Solutions

Plantation Village will come with the following smart solutions to reduce energy usage, and contribute to a more sustainable and safer living environment:

- Smart-Enabled homes with provisions to support easy installation of smart systems
- Smart Lighting in common areas to reduce energy usage
- Smart Pneumatic Waste Conveyance System to optimise the deployment of resources for cleaner and fuss-free waste disposal

Centralised Cooling System

Plantation Village home owners can subscribe to have air conditioning provided from a centralised cooling system. This system for public housing is the first of its kind in Singapore.

Cooling to each household unit will come from highly energy efficient chillers. Home owners also do not need to install and maintain outdoor condensing units on their air-conditioner ledge. They will therefore enjoy cost savings while contributing to a sustainable lifestyle in this eco-friendly district. Home owners may decide to subscribe to the centralised cooling system after signing the Agreement for Lease. More information will be provided during the flat selection exercise.

For further enquiries, please contact SP Group at tengahcooling@spgroup.com.sg.

Modern Homes

Choose from a range of 2-room Flexi, 3-, 4-, and 5-room flats. These flats will come with full floor finishes, internal doors, and sanitary fittings.

<table>
<thead>
<tr>

Optional Component Scheme

Elderly buyers of short-lease 2-room Flexi flats can opt in for elderly friendly and other fittings under the Optional Component Scheme (OCS). Please refer to the attached OCS leaflet for details.

If an elderly buyer opts in for the OCS, the cost of the optional components will be added to the price of the 2-room Flexi flat.
2-ROOM FLEXI (TYPE 1) FLOOR PLAN
(With Suggested Furniture Layout)
APPROX. FLOOR AREA 38 sqm
(Inclusive of Internal Floor Area of 36 sqm and Air-con Ledge)

2-ROOM FLEXI (TYPE 2) FLOOR PLAN
(With Suggested Furniture Layout)
APPROX. FLOOR AREA 47 sqm
(Inclusive of Internal Floor Area of 45 sqm and Air-con Ledge)

3-ROOM FLOOR PLAN
(With Suggested Furniture Layout)
APPROX. FLOOR AREA 69 sqm
(Inclusive of Internal Floor Area of 66 sqm and Air-con Ledge)
4-ROOM FLOOR PLAN
(With Suggested Furniture Layout)
APPROX. FLOOR AREA 92 sqm
(Inclusive of Internal Floor Area of 90 sqm and Air-con Ledge)

5-ROOM FLOOR PLAN
(With Suggested Furniture Layout)
APPROX. FLOOR AREA 112 sqm
(Inclusive of Internal Floor Area of 110 sqm and Air-con Ledge)
1. All proposed developments are subject to change and planning approval. The proposed facilities and their locations as shown are indicative only.

2. The facilities as shown may include other ancillary uses allowed under URA’s prevailing Development Control guidelines. For example, places of worship and funeral parlours may also include columbarium as an ancillary use, while community centres may also include childcare centres, and schools may be upgraded or built with higher-rise blocks. The implementation of the facilities is subject to review from time to time by the relevant authorities.

3. The use of the void deck in any apartment block, common property (such as precinct pavilion), car park or stand-alone community building for future amenities/facilities (such as childcare centres, elderly-related facilities, education centres, residents’ committee centres and day activity centres), commercial facilities (such as shops and eating houses), mechanical and electrical rooms and such other facilities is subject to review from time to time.

4. The alignment and the location of the future MRT line and stations are based on prevailing information and are subject to change.

5. The residential blocks may be completed ahead of the proposed precinct facilities, so that flat buyers are able to collect the keys to their new homes earlier.

6. Unless otherwise indicated in the sales brochure, all facilities within the project, including but not limited to roof gardens and sky terraces (if any), will be open to the public.

Applicants are encouraged to visit the place before booking a flat.

Disclaimer

1) HDB owns the copyright in all information, maps, and plans of this brochure.

2) The content provided in this brochure is not intended to form part of any offer or contract for the sale of the flats. They are provided for your general information only, and are not statements or representations of fact.

3) Visual representations, such as pictures, art renderings, depictions, illustrations, photographs, drawings, as well as other graphic representations and references, are only artistic impressions. They are provided for your general information only, and are not representations of fact.

4) The information on this project, including but not limited to the dimensions, areas, plans, colour schemes, descriptions, and specifications, are subject to change or review without notice at our sole discretion or if required by the relevant authorities.

5) We may at any time, without any notice and at our sole discretion, change any aspect of this project, including but not limited to the omission, amalgamation, increase, or reduction of amenities and facilities, colour schemes, design features, and specifications.

6) We will not entertain any request for alteration of the layout or specifications of a flat to suit individual needs.

7) While reasonable care has been taken in providing the information in this brochure, we do not warrant its accuracy. We shall not be responsible in any way for any damage or loss suffered by any person whether directly or indirectly as a result of reliance on the said information or as a result of any error or omission therein.

8) The floor areas shown are scaled strata areas and subject to final survey.

9) The surrounding land use, proposed facilities and their locations as shown in the maps and plans are indicative only and subject to change. They may include ancillary uses allowed under the Urban Redevelopment Authority’s prevailing Development Control guidelines.

10) We reserve the right to use or allow the use of:
    • the void deck in any Apartment block,
    • Car park;
    • Common property (such as precinct pavilion); or
    • Standalone community building,
    for:
    • Future amenities/ facilities (such as child care centres, elderly-related facilities, education centres, residents’ committee centres, and day activity centres);
    • Commercial facilities (such as shops and eating houses);
    • Mechanical and electrical rooms; and
    • Such other facilities as we deem fit.

11) This brochure does not and is not intended to provide full and complete information of the guidelines or requirements of the relevant authorities. You are advised to approach the relevant authorities directly for full information and details of these guidelines and requirements.
The 2-room Flexi flats are available either on a 99-year lease or short-lease.

All 2-room Flexi flats come with:

- floor finishes in the living/dining room, bedroom, kitchen, household shelter and bathroom
- wall tiles in the kitchen and bathroom
- sliding partition/door for bedroom; folding bathroom door
- sanitary fittings, i.e. wash basin with tap mixer and shower set with bath/shower mixer, and water closet suite

Grab bars will be installed for all short-lease flats to assist elderly buyers in moving around the flats.

Details on the Optional Component Scheme (OCS) package for short-lease 2-room Flexi flats are in the next page.

Disclaimer: All displays and images shown here are strictly for reference only and are subject to change without notice. The displays and images shown here are conceptual and indicative only and the colour schemes, design, dimensions, type, tonal differences and specifications may differ from the actual fittings installed in the flat.

November 2019 BTO
**OPTIONAL COMPONENT SCHEME**
*(2-ROOM FLEXI FLATS)*

**OCS PACKAGE (FOR SHORT-LEASE 2-ROOM FLEXI FLATS ONLY)**

Elderly buyers of short-lease 2-room Flexi flats who wish to enjoy the convenience of having a flat in move-in condition can opt in for the following:

### ELDERLY FRIENDLY FITTINGS
- Built-in kitchen cabinets with induction hob and cooker hood, kitchen sink, tap and dish drying rack.
- An option to have a lower counter top height

Here are some features of an induction hob:
- It does not produce an open flame
- Its cooking zone cools down faster
- It is easier to clean than a gas hob
- As it has a flat surface, pots placed on an induction hob are less likely to topple over.

With these features, the use of the induction hob would promote a safer and cleaner environment.

- Kitchen cabinets come with mobile cabinets to provide knee space (especially for wheelchair users)
- Built-in bedroom wardrobe with a lower clothes hanging rod for easy reach

---

### OTHER FITTINGS

- Window grilles for safety and security
- Mirror
- Toilet roll holder
- Lighting
- Water heater

---

The cost of this OCS package will be added to the selling price of the selected flat.
