HDB's Sales Launch November 2019
Modern Abode

Yio Chu Kang Beacon will be located along Ang Mo Kio Avenue 9. It will feature 3 residential blocks ranging from heights of 11 to 18 storeys. The blocks’ varying heights and placement of roof gardens in some blocks will create a unique skyline when viewed from the main road.

Yio Chu Kang Beacon is surrounded by existing educational institutes, such as Presbyterian High School and Anderson Primary School. These schools inspired the development's name, which symbolises the 'beacons of light and knowledge'.

Families with young children can enjoy the convenience of the childcare centre within the development, and the playgrounds and courtyard that double up as outdoor learning spaces for the children. There will also be recreational and communal spaces for residents to interact and relax amidst lush greenery.
Important Notes

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/facilities (such as childcare centres, elderly-related facilities, education centres, residents’ committee centres and day activity centres), commercial facilities (such as shops and eating houses), mechanical and electrical rooms and such other facilities depending on the prevailing needs. These spaces could be in the void decks, common property, car parks or stand-alone community buildings.

To facilitate your flat selection, we have provided information on the surrounding land use, proposed facilities and their locations in the maps and plans in this brochure. As the information provided is based on the current planning intent of the relevant government agencies, they are indicative only and are subject to review from time to time.

Notes:

All proposed developments are subject to change and planning approval. The proposed facilities and their locations as shown are indicative only. Proposed Place of Worship includes examples like Church, Mosque, Chinese Temple, Hindu Temple, etc., subject to change and planning approval. Proposed Health & Medical Care includes examples such as Hospitals, Polyclinics, Clinics, Nursing Homes and ElderCare Facilities, etc., subject to change and planning approval. The facilities as shown may include other ancillary uses allowed under URA’s prevailing Development Control guidelines. For example, places of worship and funeral parlours may also include columbarium as an ancillary use, while community centres may also include childcare centres, and schools may be upgraded or built with higher-rise blocks. The implementation of the facilities is subject to review from time to time by the relevant authorities.

The information contained herein is subject to change at any time without notice and cannot form part of an offer or contract. While reasonable care has been taken in providing this information, HDB shall not be responsible in any way for any damage or loss suffered by any person whether directly or indirectly as a result of reliance on the said information or as a result of any error or omission therein.
