HDB’s Sales Launch February 2020
A Retreat To Call Home

Located along Canberra Drive, Canberra Vista will comprise 15 ten-storey residential blocks. You can choose from 1,467 units of 2-room Flexi, 3-, 4-, 5-room, and 3Gen flats.

Canberra Vista is conveniently located next to Canberra MRT station and across the road from the upcoming Canberra Plaza neighbourhood centre. You can enjoy a variety of shopping and dining options at the nearby Sembawang Shopping Centre, and a multitude of eating places along Sembawang Road.

Adorned with lush landscaping, Canberra Vista is named after its design as a home amid nature, with many green spaces within the estate. The roof gardens above the Multi-storey Car Parks and playgrounds will serve as communal spaces where you can mingle with your family and neighbours. Unwind after a hard day’s work by stretching those tired muscles at the fitness stations at your doorstep or enjoy a jog along the adjacent Yishun Park Connector and Sungei Simpang Kiri.

A childcare centre and a Residents’ Committee Centre will also be located within the development. Please refer to the site plan for the facilities provided in the development. Facilities in this development will be open to public.
**Important Notes**

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/facilities (such as childcare centres, elderly-related facilities, education centres, residents’ committee centres and day activity centres), commercial facilities (such as shops and eating houses), mechanical and electrical rooms and such other facilities depending on the prevailing needs. These spaces could be in the void decks, common property, car parks or stand-alone community buildings.

To facilitate your flat selection, we have provided information on the surrounding land use, proposed facilities and their locations in the maps and plans in this brochure. As the information provided is based on the current planning intent of the relevant government agencies, they are indicative only and are subject to review from time to time.

To meet different lifestyle needs, the 46sqm 2-room Flexi flats in Canberra Vista come with a flexible space which flat buyers can use according to their preference. This flexible space can be used for dining, a study, or to place an extra bed. See suggested layout ideas on page 8.

To cater for changing lifestyles and to provide more flexibility in the use of kitchen space, HDB has designed the 3-room flats with an open kitchen concept comprising a dry kitchen and a combined kitchen/utility space. The layout offers homeowners lots of flexibility in configuring the area according to their preferences. For example, you can add a partition to separate the:

- Utility from Kitchen
- Dry and Wet Kitchens
- Kitchen from Living/Dining area

See suggested layout ideas on pages 9 and 10.

Optional Component Scheme

The Optional Component Scheme (OCS) provides convenience for our buyers, and is offered on an opt-in basis. Please refer to the attached OCS leaflets for details.

When a flat buyer opts in for the OCS, the cost of the optional components will be added to the flat price.
