HDB's Sales Launch August 2020
Located along Kallang River and bounded by Bishan Street 11 and Braddell Road, Bishan Towers will comprise 2 residential blocks ranging from 25 to 33 storeys in height. Its name describes the high-rise residential towers that will serve as prominent landmarks to enhance the skyline along Kallang River.

Bishan Towers integrates river, nature, and people by extending the thriving biodiversity and landscaping from the adjacent Kallang River into the residential precinct. Residents can enjoy views of the river and Kallang Park Connector from sky terraces or roof garden at the residential blocks, and roof garden above the Multi-Storey Car Park. The development also features a central precinct space, fitness station, and a spacious green lawn set against the river where you will find spaces to relax or exercise.
You can choose from 472 units of 2-room Flexi, 3-, and 4-room flats. Please refer to the site plan for the facilities to be provided in the development. Facilities in this development will be accessible by the public.
