HDB’s Sales Launch August 2020
Community Living

Dakota One is bounded by Cassia Link, Jalan Satu, and Jalan Dua. It comprises 3 residential blocks, each 19 storeys high, offering 421 units of 3- and 4-room flats. The name ‘Dakota One’ describes the development’s location along Jalan Satu, where ‘satu’ means ‘one’ in Malay.

The development will be integrated with a new community club, where residents can easily enjoy its accompanying facilities.
Dakota One draws its identity from a conserved mature Rain Tree facing Jalan Dua, where a unique community plaza will be set around it. There will also be lush landscaped courtyard gardens, facilities such as playgrounds, fitness stations, and an art wall designed with leaf-motif openings. A rooftop garden will be located on top of the Multi-Storey Car Park, and is accessible by linkbridges from 2 residential blocks. Please refer to the site plan for the facilities to be provided in Dakota One. Facilities in this development will be accessible by the public.
Important Notes

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/facilities (such as childcare centres, elderly-related facilities, education centres, residents’ committee centres and day activity centres), commercial facilities (such as shops and eating houses), mechanical and electrical rooms and such other facilities depending on the prevailing needs. These spaces could be in the void decks, common property, car parks or stand-alone community buildings.

To facilitate your flat selection, we have provided information on the surrounding land use, proposed facilities and their locations in the maps and plans in this brochure. As the information provided is based on the current planning intent of the relevant government agencies, they are indicative only and are subject to review from time to time.

Notes:
1. All proposed developments are subject to change and planning approval. The implementation is subject to review from time to time by the relevant authorities. The proposed facilities and their locations shown are indicative only.
2. Proposed Place of Worship includes examples like Church, Mosque, Chinese Temple, Hindu Temple, etc.
3. Proposed Civic & Community Institution includes examples like Community Centre/Club, Association, Home for the Aged, etc.
4. Proposed Health & Medical Care includes examples such as Hospitals, Polyclinics, Clinics, Nursing Homes and Eldercare Facilities, etc.
5. The facilities shown (whether existing or proposed) may include other ancillary uses allowed under URA’s prevailing Development Control guidelines. For example, places of worship and funeral parlours may include columbarium, community centres may include childcare centres, and schools may be upgraded or built with higher-rise blocks.
6. In view of the COVID-19 situation, temporary COVID-19 related facilities may be set up near residential areas by the relevant authorities.
Eco-Friendly Living
To encourage a ‘green’ lifestyle, Dakota One will have several eco-friendly features:

- Separate chutes for recyclable waste
- Regenerative lifts to reduce energy consumption
- Bicycle stands to encourage cycling as an environmentally friendly form of transport
- Parking spaces to facilitate car-sharing schemes
- Use of sustainable and recycled products in the development
- Active, Beautiful, Clean Waters design features to clean rainwater and beautify the landscapes

Smart Features
The common areas within Dakota One will be installed with Smart Lighting to reduce energy usage, and contribute to a sustainable and safer living environment.

Charming Homes
Dakota One offers 3- and 4-room flats.

More than just a well-designed and functional interior, these flats also come with the following finishes and fittings:

To cater to changing lifestyles and to provide more flexibility in the use of kitchen space, HDB has designed the 3-room flats with a combined kitchen/ utility space. The layout offers homeowners flexibility in configuring the area according to their preferences. For example, you can add a partition to separate the utility from the kitchen.

See suggested layout ideas in page 8.

Optional Component Scheme
The Optional Component Scheme (OCS) provides convenience for our buyers, and is offered on an opt-in basis. Please refer to the attached OCS leaflet for details.

When a flat buyer opts in for the OCS, the cost of the optional components will be added to the flat price.
