Delivering new delights in modern living

Applicants of the additional 2-room flats in Punggol can choose from 118 units of 2-room flats in Punggol Crest. This development is bounded by Tampines Expressway and Punggol Place.

Inspired by the waterfront town theme of Punggol, the facade of Punggol Crest is designed with vertical and horizontal fins to form a distinct graphical pattern reminiscent of coastal architecture. In addition, circular forms and swirls in the landscape design mimic the ripple and waves of the sea. As ‘crest’ refers to the highest point of a wave, the name ‘Punggol Crest’ aptly describes such nautical influences in the development’s design.

Refreshing Recreations

The landscaped grounds of Punggol Crest offer open green spaces for play and exercise as well as cosy garden areas for quiet contemplation. Young and old alike can enjoy a healthy lifestyle with a playground for children, fitness stations for adults and the elderly, and a jogging path for all.

A precinct pavilion, amphitheatre, trellis and rest shelters provide pleasant spaces for social gatherings and recreational activities. A Residents’ Committee Centre will be provided as a venue for neighbours to interact and get to know each other better.

These 2-room flats are completed.
Applicants are encouraged to visit the place before booking a flat.

Distinctive Design

Applicants of the additional 2-room flats in Punggol can also choose from 42 units of 2-room flats in Punggol Spectra.

Located along Punggol Central, the contemporary and stylish architecture of Punggol Spectra is accentuated by the dashes of vibrant colours that adorn and distinguish every block.

Contemporary Homes

A sanctuary of lush landscaped greenery is nestled in the heart of the development, providing you with your own personal haven to relax in. This green deck houses a jogging track, precinct pavilion, fitness stations and playgrounds. There is also a common green next door, perfect for a wide range of outdoor activities, be it tossing a Frisbee or simply having an afternoon outing with the children.

Shops, an eating house and a supermarket are provided within the development to serve your everyday needs. Those who wish to get to know your neighbours can participate in the activities organised by the Residents’ Committee Centre.

These 2-room flats are completed.
Applicants are encouraged to visit the place before booking a flat.

Excitement along the Banks

Applicants of the additional 2-room flats in Punggol can also choose from 27 units of 2-room flats in Waterway Banks.

Bounded by My Waterway@Punggol and Edgefield Plains, the development is located at a gentle bend of the waterway and houses an exciting array of commercial and recreational facilities.

Array of Facilities

As you walk down My Waterfront@Punggol, it will be hard to miss Waterway Banks as it makes an impressive eco-statement with two beautiful sky terraces. These garden terraces offer tranquil spaces with breathtaking views towards the waterway and common green. In addition, the development stands out with its rhythmic skyline, created by the varying heights and curved roof designs of its residential blocks.

Heading towards Waterway Banks from the waterfront, you will chance upon a landscaped common green located right next to the development. Shelters provided here serve as ideal lookout points towards the waterway while a large adventure playground will become a popular destination with the children.

Within Waterway Banks, lush green courtyards lie amid the development blocks, housing various facilities for both the young and old. Here, adults and the elderly can choose to work out at the fitness stations, while children can take to the playgrounds for their fun and games. Resting shelters are provided for those who prefer a quieter, personal time. Landscaping at the roofs of the multi-storey carpark and two residential blocks offer visual relief for those staying above. A childcare centre and a two-storey commercial block housing an eating house, a supermarket and some shops, will be provided within the development to bring greater convenience to all residents.

These 2-room flats are currently under construction and expected to be completed by 4th Qtr 2014.
Applicants are encouraged to visit the place before booking a flat.
