Urban Verandah

Bounded by Punggol Field, Sumang Walk and Sumang Lane, The Verandah @ Matilda comprises five residential blocks ranging from 12 to 17 storeys in height. You can take your pick from the 481 units of 4- and 5-room Premium flats offered in this development.

The name The Verandah @ Matilda aptly describes the development's location in the Matilda district of Punggol, as well as its distinctive elevated verandah fronting Punggol Field. This urban verandah provides sheltered connectivity between precincts towards the future waterfront promenade, and houses outdoor community rooms where residents can interact.
Array of Facilities

The Verandah @ Matilda is designed with colonnaded verandahs, green lawn and lush surroundings to mimic the tropical architecture of the nearby historical Matilda House.

At the heart of the development is an elevated landscaped deck that sits on top of a carpark. Here, you can keep fit at the fitness stations while the young ones enjoy some playtime at the playground. On the other hand, the precinct pavilion with an open lawn in front will serve as an ideal venue for large gatherings. In the centre of the landscaped deck is a verdant green zone with lush trees and shrubs. A small cluster of rubber trees will specially be planted here to bring back memories of rubber plantations that used to be found in the area.

More spaces for relaxation and gatherings can also be found at the two sky gardens fronting Punggol Field that are open to the public. Whilst there, you can have a chat with your friends at the outdoor seats or enjoy great views from the various lookout points.
Eco-Friendly Living

The Verandah @ Matilda is designed to fulfil the vision of establishing Punggol as an Eco-Town. To support this vision, the development has numerous eco-friendly features:

- Sustainable and recycled products are used in certain parts of the development
- Separate refuse chutes are provided for recyclable wastes
- Motion sensor lights are installed at common staircases to reduce energy consumption
- A rainwater harvesting system is provided to store rainwater for washing of common areas
- Bicycle stands are provided to encourage use of these environmentally friendly forms of transport

Refreshing Homes

The Verandah @ Matilda offers 4- and 5-room Premium flats. All of these flats come with full height windows in the living/dining area and three-quarter height windows in the bedrooms. All the 5-room flats come with corner windows in the main bedroom.

The units will come with floor finishes in the kitchen, household shelter, service yard and bathrooms. Wall tiles will also be provided in the bathroom and kitchen. For added convenience, you may opt in to have floor finishes installed in the living/dining room and bedrooms of your selected flat. You may also opt in to have sanitary fittings in the bathrooms - wash basin, water tap and shower mixer. These sanitary fittings, together with internal doors, will be offered as a package. The cost of installing these optional components will be added to the selling price of your flat.

To provide a sense of spaciousness and greater flexibility in furniture layout and design, units in The Verandah @ Matilda come with an open kitchen concept. You can carry out the necessary extensions to the electrical, water and gas points provided in the kitchen as part of your renovation plans. Alternatively, you may opt in to have a partition wall installed between the living/dining area and kitchen. The cost of this optional wall will be added to the selling price of the flat.
Open Kitchen Concept (Default)

With Kitchen Partition Wall
