A modern development beckons

Situated along Bukit Batok Road, West Ridges @ Bukit Batok comprises 14 residential blocks ranging from 14 to 16 storeys in height. You can choose from 1,578 units of 2-, 3-, 4- and 5-room Standard Flats offered in this development.

The name West Ridges @ Bukit Batok is inspired by the hilly terrain surrounding Bukit Batok. Separately, the staggered height of the residential blocks provides visual interest with their distinctive ridge-like effect.
Envisioned to be an urban retreat, West Ridges @ Bukit Batok offers pockets of green spaces and roof gardens atop the development’s two multi-storey car parks for you to enjoy some quiet respite.

You will also be able to enjoy various recreational activities such as working out at the adult and elderly fitness stations, playing with your children at the playground, or simply catching up with your friends and neighbours at the resting trellises. The precinct pavilions located within the development will serve as ideal venues for large gatherings.

You will also find daily conveniences within easy reach. West Ridges @ Bukit Batok will have its own supermarket, eating house and shops, so you can shop and enjoy a meal close to home. A child care centre and a Residents’ Committee Centre will also be located within the development.
Contemporary homes

West Ridges @ Bukit Batok offers 2-, 3-, 4- and 5-room Standard Flats. All flats will come with three-quarter height windows in the living/dining area and half-height windows in other rooms.

These flats will come with floor finishes in the kitchen, household shelter, service yard and bathrooms. Wall tiles will also be provided in the bathrooms and kitchen. For added convenience, you may opt in to have floor finishes installed in the living/dining room and bedrooms of your selected flat. You may also opt in to have sanitary fittings installed in the bathrooms - wash basin, water tap and shower mixer. These sanitary fittings, together with internal doors, will be offered as a package. The cost of installing these optional components will be added to the selling price of the flat.

To provide a sense of spaciousness and greater flexibility in furniture layout and design, the 4- and 5-room flats will come with an open kitchen concept. You can carry out the necessary extensions to the electrical, water and gas points provided in the kitchen as part of your renovation plans. Alternatively, you may opt in to have a partition wall installed between the living/dining area and kitchen. The cost of this optional wall will be added to the selling price of the flat.
