Majestic Residences

EastCrown @ Canberra is bounded by Canberra Way and Canberra Street. You can take your pick from the 1,220 units of 2-, 3-, 4- and 5-room Standard Flats housed in eight 13-storey residential blocks.

The name “EastCrown @ Canberra” reflects the development’s crown-like roof features and its location at the Eastern end of Sembawang town.
Rejuvenation and Discovery

At EastCrown @ Canberra, you will be able to enjoy various recreational activities such as working out at the adult and elderly fitness stations and playing with the children at the playgrounds. You can also get a good workout with your family and friends at the hard court, or go rollerblading, cycling or jogging along the nearby Sungei Simpang Kiri.

Alternatively, you may choose to head to the rooftop garden above the multi-storey car park where you can enjoy the view from the lookout point. Those who enjoy gardening will appreciate the community garden located here.

A Residents’ Committee Centre is also located within the development.

In anticipation of the future developments in Canberra area, LTA is studying the possibility of building a new MRT station between Sembawang (NS 11) and Yishun (NS 13). Separately, bus services will be introduced in the area in tandem with the completion of the HDB BTO flats. More details will be announced when the plans are finalised.
Eco-Friendly Living

To encourage a green lifestyle, EastCrown @ Canberra is designed with several eco-friendly features:

- Separate chutes are provided for recyclable waste
- Motion sensor controlled energy efficient lighting is installed at staircases to reduce energy consumption
- Regenerative lifts are used to reduce energy consumption
- Eco-pedestals are used in bathrooms to encourage water conservation
- Bicycle stands are provided to encourage cycling as an environmentally friendly form of transport
- Sustainable and recycled products are used in the development

Alluring homes

EastCrown @ Canberra offers 2-, 3-, 4- and 5-room Standard Flats. These flats will come with three-quarter height windows in the living/dining area and half-height windows in other rooms.

The flats will come with floor finishes in the kitchen, household shelter, service yard and bathrooms. Wall tiles will also be provided in the bathroom and kitchen. For added convenience, you may opt in to have floor finishes installed in the living/dining room and bedrooms of your selected flat. You may also opt in to have sanitary fittings in the bathrooms – wash basin, water tap and shower mixer. These sanitary fittings, together with internal doors, will be offered as a package. The cost of installing these optional components will be added to the selling price of the flat.

To provide a sense of spaciousness and greater flexibility in furniture layout and design, some 3-room flats and all 4- and 5-room flats will come with an open kitchen concept. You can carry out the necessary extensions to the electrical, water and gas points provided in the kitchen as part of your renovation plans. Alternatively, you may opt in to have a partition wall installed between the living/dining area and kitchen. The cost of this optional wall will be added to the selling price of the flat.
