A delightful habitat

Sun Natura is bounded by Sembawang Way and Sembawang Crescent. You can take your pick from the 848 units of 2-, 3- and 4-room Standard Flats housed in five residential blocks ranging from 16 to 17 storeys in height. One other residential block within Sun Natura is set aside for rental housing, making a total of six residential blocks in this development.

The name “Sun Natura” takes inspiration from the development’s proximity to Sungei Sembawang and the adjoining park.
Outdoor fun and daily conveniences at your doorstep

Sun Natura offers a range of facilities that caters to residents of all ages. You can choose to watch the young ones have fun at the children’s playgrounds or work out at the adult and elderly fitness stations. The roof top garden above the multi-storey car park is another landscaped space where you could go to enjoy quiet moments, while the precinct pavilions found within the development serve as ideal venues for social gatherings.

In addition, the nearby Sembawang and Canberra Park Connectors serve as ideal trails for roller blading, jogging and cycling. Alternatively, you can head to the adjoining park to unwind amid greenery.

You will also find daily conveniences within easy reach as Sun Natura will come with its own supermarket, eating house and shops. A Residents’ Committee Centre is also located within the development.

Eco-Friendly Living

To encourage a “green” lifestyle, Sun Natura is designed with several eco-friendly features:
• Separate chutes are provided for recyclable waste
• Motion sensor controlled energy efficient lighting is installed at staircases to reduce energy consumption
• Regenerative lifts are used to reduce energy consumption
• Eco-pedestals are used in bathrooms to encourage water conservation
• Bicycle stands are provided to encourage cycling as an environmentally friendly form of transport
• Sustainable and recycled products are used in the development
Delightful Homes

Sun Natura offers 2-, 3-and 4-room Standard Flats. These flats will come with three-quarter height windows in the living/ dining area and half-height windows in other rooms.

The flats at Sun Natura will come with floor finishes in the kitchen, household shelter, service yard and bathrooms. Wall tiles will also be provided in the bathroom and kitchen. For added convenience, you may opt in to have floor finishes installed in the living/dining room and bedrooms of your selected flat. You may also opt in to have sanitary fittings installed in the bathrooms — wash basin, water tap and shower mixer. These sanitary fittings, together with internal doors, will be offered as a package. The cost of installing these optional components will be added to the selling price of the flat.

To provide a sense of spaciousness and greater flexibility in furniture layout and design, all the 3- and 4-room flats will come with an open kitchen concept. You can carry out the necessary extensions to the electrical, water and gas points provided in the kitchen as part of your renovation plans. Alternatively, you may opt in to have a partition wall installed between the living/dining area and kitchen. The cost of this optional wall will be added to the selling price of the flat.
