Stylish Homes

West Terra @ Bukit Batok is bounded by Bukit Batok West Avenue 3 and Bukit Batok West Avenue 6. This development offers 1,793 units of 2-, 3-, 4- and 5-room Standard Flats housed in nine 22-storey residential blocks.

Inspired by the former brick factories which occupied the site, West Terra @ Bukit Batok is designed with a stylised brickwork pattern on its facade. The name “West Terra”, also encapsulates its heritage, as the word “Terra” refers to terracotta, a clay-based ceramic used to make bricks.
Lush Habitat

Amid the lush landscape, you will find outdoor facilities such as children’s playgrounds, as well as adult and elderly fitness stations. Generous pockets of green space, plants and meandering paths create a relaxing and welcoming environment for you and your family. Outdoor seats and precinct pavilions are also provided for gatherings and chit-chat sessions.

The roof gardens of some residential blocks will serve as ideal spots for quiet contemplation or an evening stroll. They will be opened to the public. In addition, the roof top gardens atop both multi-storey car parks offer additional venues where you can relax and unwind.

You will also find daily conveniences within easy reach as West Terra @ Bukit Batok will come with its own supermarket, eating house and shops. A Residents’ Committee Centre and a childcare centre will also be located within the development.
Cosy Homes

West Terra @ Bukit Batok offers 2-, 3-, 4- and 5-room Standard Flats. These flats will come with three-quarter height windows in the living/dining area and half-height windows in other rooms.

The flats at West Terra @ Bukit Batok will come with floor finishes in the kitchen, household shelter, service yard and bathrooms. Wall tiles will also be provided in the bathroom and kitchen.

For added convenience, you may opt in for the following optional items:

- Floor finishes for the living/dining room and bedrooms of your selected flat;
- Internal laminated PVC doors for the bedroom(s) and bathroom(s); and
- Sanitary fittings in the bathrooms – wash basin, water tap and shower mixer.

The sanitary fittings, together with internal doors, will be offered as a package. Non-optional laminated PVC door frames will be provided in all units.

Eco-Friendly Living

To encourage a “green” lifestyle, West Terra @ Bukit Batok will have several eco-friendly features:

- Separate chutes for recyclable waste
- Motion sensor controlled energy efficient lighting at staircases to reduce energy consumption
- Regenerative lifts to reduce energy consumption
- Eco-pedestals in bathrooms to encourage water conservation
- Bicycle stands to encourage cycling as an environmentally friendly form of transport
- Use of sustainable and recycled products in the development
