HDB SALES LAUNCH
AUGUST 2016

EAST DELTA
Ø CANBERRA
**A Serene Home**

EastDelta @ Canberra is bounded by Canberra Way and Canberra Street. The development is set amid the lush greenery of Sungei Simpang Kiri and located near Sembawang Park. The distinctive riverside theme of this project takes cue from its location, which faces the bend of Sungei Simpang Kiri.

The development comprises 4 residential blocks. You can choose a home from 570 units of 4- and 5-room flats. Please refer to the site plan for the facilities to be provided in EastDelta @ Canberra. As this is a public housing development, facilities in this project will be opened to the public.
Important Notes

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/facilities (such as childcare centres, elderly-related facilities, education centres, residents’ committee centres and day activity centres), commercial facilities (such as shops and eating houses), mechanical and electrical rooms and such other facilities depending on the prevailing needs. These spaces could be in the void decks, common property, car parks or stand-alone community buildings.

To facilitate your flat selection, we have provided information on the surrounding land use, proposed facilities and their locations in the maps and plans in this brochure. As the information provided is based on the current planning intent of the relevant government agencies, they are indicative only and are subject to review from time to time.
Eco-Friendly Living

To encourage a ‘green’ lifestyle, EastDelta @ Canberra will have several eco-friendly features:

- Separate chutes for recyclable waste
- Motion sensor-controlled energy efficient lighting at staircases to reduce energy consumption
- Regenerative lifts to reduce energy consumption
- Eco-pedestals in bathrooms to encourage water conservation
- Bicycle stands to encourage cycling as an environmentally friendly form of transport
- Parking spaces to facilitate car-sharing schemes
- Use of sustainable and recycled products in the development

Optional Component Scheme

The Optional Component Scheme provides convenience for our buyers, and is offered on an opt-in basis. Please refer to the attached Optional Component Scheme leaflets for details. The cost of the optional components will be added to the selling price of the flat.

NOTES:
1. All proposed developments are subject to change and planning approval.
2. The proposed facilities and their locations as shown are indicative only. The proposed facilities may include other ancillary uses allowed under URA’s prevailing Development Control guidelines. For example, places of worship may also include community hall as an ancillary use, while community centres may also include childcare centres. The implementation of the facilities is subject to review from time to time by the relevant authorities.
3. The use of the void deck in any apartment block, common property (such as precinct pavilion), car park or any other community building for future amenities/facilities (such as childcare centres, elderly-related facilities, education centres, residents’ committee centres and day activity centres), commercial facilities (such as shops and eating houses), mechanical and electrical rooms and such other facilities is subject to review from time to time.
4. The residential blocks may be completed ahead of the proposed precinct facilities, so that flat buyers are able to collect the keys to their new homes earlier.
5. Unless otherwise indicated in the sales brochure, all facilities within the project, including but not limited to roof gardens and sky terraces (if any), will be open to the public.
