HDB’s Sales Launch – November 2018
Lush Green Living

Melody Spring @ Yishun is bounded by Yishun Avenue 8, Yishun Street 42, and Yishun Street 44.

Inspired by the nearby Lower Seletar Reservoir and other nature spots found within the town, Melody Spring @ Yishun is designed with lush landscaping, with its name conveying these natural surrounds.

For this November 2018 sales launch, you can choose a home from 456 units of 3-, 4-, and 5-room flats, located within 4 residential blocks which are 13-storey in height.

Please refer to the site plan for the facilities to be provided in Melody Spring @ Yishun. Facilities in this development will be opened to the public.
Important Notes

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/facilities (such as childcare centres, elderly-related facilities, education centres, residents’ committee centres and day activity centres), commercial facilities (such as shops and eating houses), mechanical and electrical rooms and such other facilities depending on the prevailing needs. These spaces could be in the void decks, common property, car parks or stand-alone community buildings.

To facilitate your flat selection, we have provided information on the surrounding land use, proposed facilities and their locations in the maps and plans in this brochure. As the information provided is based on the current planning intent of the relevant government agencies, they are indicative only and are subject to review from time to time.

Notes:

All proposed developments are subject to change and planning approval.
Proposed Civic & Community Institution includes examples like Community Centre/Club, Association, Home for the Aged, etc., subject to change and planning approval.
Proposed Health & Medical Care includes examples such as Hospitals, Polyclinics, Clinics, Nursing Homes and ElderCare Facilities, etc, subject to change and planning approval.

The proposed facilities and their locations as shown are indicative only. The proposed facilities may include other ancillary uses allowed under URA’s prevailing Development Control guidelines. For example, places of worship may also include columbarium as an ancillary use, while community centres may also include childcare centres, and schools may be upgraded or built with higher-rise blocks. The implementation of the facilities is subject to review from time to time by the relevant authorities.

This information contained herein is subject to change at any time without notice and cannot form part of an offer or contract. While reasonable care has been taken in providing this information, HDB shall not be responsible in any way for any damage or loss suffered by any person whether directly or indirectly as a result of reliance on the said information or as a result of any error or omission therein.
Eco-Friendly Living

To encourage a ‘green’ lifestyle, Melody Spring @ Yishun will have several eco-friendly features:

- Separate chutes for recyclable waste
- Motion sensor controlled energy efficient lighting at staircases to reduce energy consumption
- Regenerative lifts to reduce energy consumption
- Eco-pedestals in bathrooms to encourage water conservation
- Bicycle stands to encourage cycling as an environmentally friendly form of transport
- Parking spaces to facilitate car-sharing schemes
- Use of sustainable and recycled products in the development
- Pneumatic Waste Conveyance System to provide cleaner waste disposal
