HDB’s Sales Launch September 2019
Alluring Homes. Delightful Lifestyles.

Located along the eastern shoreline of Punggol Point District, Punggol Point Cove will be sited along New Punggol Road. This development will comprise 6 residential blocks with staggered heights from 8 to 26 storeys, which will make seafront views available to some of the units. You can choose from 1,179 units of 2-room Flexi, 3-, 4-, and 5-room flats.

The development’s name is inspired by its waterfront location. Drawing reference from Punggol’s humble beginnings as a fishing village, and later as a fishing port, the unique wave-like structure of the residential blocks are inspired by the free-flowing pattern of waves and interwoven fishing nets. In recognition of Punggol’s rustic village past, most blocks will have their own courtyards and will be linked to other blocks by sky bridges at the 10th storey.

Sky terraces and roof gardens in some blocks will serve as communal spaces for you to mingle with your family and neighbours while enjoying views of the surroundings. Fitness stations and playgrounds at the landscaped decks will provide additional recreation options. A childcare centre and a Residents’ Committee Centre will also be located within the development. Please refer to the site plan for the facilities to be provided in the development. The facilities in the development will be accessible by the public.
Amenities Within Reach

Punggol Point Cove will be located within the Punggol Point district, at the tip of Punggol Eco-town. Punggol Point district is envisioned to be a ‘Green Heritage’ district that embraces nature and pays tribute to Punggol’s history as a fishing village.

Punggol Point Cove will be located right in a hub of amenities and activities. You can delight in a variety of dining choices at the nearby Punggol Settlement, or run and cycle along the Punggol Promenade Nature Walk, which links to Punggol Waterway and Coney Island Park.

With the nearby Punggol Point LRT station and upcoming Punggol Coast MRT station, you will have access to recreation, shopping, and dining options, nearby or beyond the town.
Important Notes

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/facilities (such as childcare centres, elderly-related facilities, education centres, residents’ committee centres and day activity centres), commercial facilities (such as shops and eating houses), mechanical and electrical rooms and such other facilities depending on the prevailing needs. These spaces could be in the void decks, common property, car parks or stand-alone community buildings.

To facilitate your flat selection, we have provided information on the surrounding land use, proposed facilities and their locations in the maps and plans in this brochure. As the information provided is based on the current planning intent of the relevant government agencies, they are indicative only and are subject to review from time to time.
Eco-friendly Living

In a bid to go green for the earth, Punggol Point Cove will have several eco-friendly features to encourage green and sustainable lifestyles, such as:

- Separate chutes for recyclable waste

- Bicycle stands to encourage cycling as an environmentally friendly form of transport
- Parking spaces to facilitate car-sharing schemes
