HDB’s Sales Launch September 2019
Bounded by New Punggol Road, Northshore Drive, and a proposed Heritage Trail by NParks, Punggol Point Crown will comprise 9 residential blocks ranging from 6 to 26 storeys. The development’s name is inspired by the crowns of existing trees along the adjacent Heritage Trail, as well as the development’s landscape. You can choose from 1,545 units of 2-room Flexi, 3-, 4-, and 5-room flats.

Roof gardens at the residential blocks and above the multi-storey car park (MSCP) serve as ideal spots for unwinding after a busy day or mingling with your neighbours. Fitness stations, playgrounds, a childcare centre, and a Residents’ Committee Centre will also be located in the development.

Contemporary Homes. Vibrant Lifestyles.
Important Notes

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/facilities (such as childcare centres, elderly-related facilities, education centres, residents’ committee centres and day activity centres), commercial facilities (such as shops and eating houses), mechanical and electrical rooms and such other facilities depending on the prevailing needs. These spaces could be in the void decks, common property, car parks or stand-alone community buildings.

To facilitate your flat selection, we have provided information on the surrounding land use, proposed facilities and their locations in the maps and plans in this brochure. As the information provided is based on the current planning intent of the relevant government agencies, they are indicative only and are subject to review from time to time.
Located on the site for one of Singapore’s earliest zoos, the old Ponggol Zoo, Punggol Point Crown’s landscape will feature thematic zones inspired by various habitats. It will also have a new heritage walk which will be decorated with displays about the site’s history from the 1920s, and design elements such as tiger stripes and animal footprints on the floor. The link bridge above the heritage walk will connect residents from their blocks to the MSCP roof garden and serve as a vantage point from which the development’s landscaped area can be viewed. Please refer to the site plan for the facilities to be provided in this development. The facilities in this development will be accessible by the public.

**Amenities Within Reach**

Punggol Point Crown will be located within the Punggol Point district, at the tip of Punggol Eco-town. Punggol Point district is envisioned to be a ‘Green Heritage’ district that embraces nature and pays tribute to Punggol’s history as a fishing village.

Punggol Point Crown will be located right in a hub of amenities and activities. You can delight in a variety of dining choices at the nearby Punggol Settlement, or run and cycle along the Punggol Promenade Nature Walk, which links to Punggol Waterway and Coney Island Park.

With the nearby Punggol Point LRT station and upcoming Punggol Coast MRT station, you will have access to recreation, shopping, and dining options, nearby or beyond the town.
