Distinctive Development

Poised to inject a new vitality to the neighbourhood, Buangkok Vale stands out with its modern architectural design. Vivid colours and protruding facade features complement the clean lines of its design, creating a contemporary and sophisticated look.

Buangkok Vale comprises six residential blocks which range from 17 to 20 storeys. These residential blocks are located along the periphery of the site and encircle Buangkok Vale’s large, vehicle-free central space, where residents enjoy recreational and communal facilities in a lush landscaped setting.

To create a sense of arrival and identity, a viewing deck is provided as part of the entrance plaza next to the drop-off porch. From this vantage point, you can enjoy a splendid view of the development’s landscaped grounds. There is a seating area here where you can engage in friendly chats with the neighbours while waiting to pick up the children when they alight from the school bus.

At the void decks of the residential blocks, the lobby areas are decorated with plants and seating areas. This creates a pleasant and welcoming environment for the residents and visitors alike.

Terrific Treats

Be it going to places or making a purchase, getting some exercise or having more entertainment – it’s all within easy reach.

Located at the junction of Yio Chu Kang Road and Buangkok Green, Buangkok Vale positions you within easy reach of Buangkok MRT station, Hougang MRT Station and bus interchange. Commute with ease with these established transport links. Similarly, motorists are well-connected via the Central Tunnel Expressway (CTE) and expressways to anywhere in Singapore.

Shopping, dining and entertainment options are readily available at Hougang Mall, Hougang Plaza, and the many shops at Hougang Town Centre.

Exercise enthusiasts will appreciate the fitness facilities available at Hougang Stadium, Hougang Sports Hall and the Hougang Swimming Complex. Other recreational spots in the town include the lush Punggol Park and several neighbourhood parks. After a hard day’s work, revitalise yourself with a jog or a fitness workout. You can also pick up a new hobby at the Hougang Community Club.
Buangkok Vale features a central green space which holds a children’s playground, fitness stations, a precinct pavilion and resting shelters. Plus, at the neighbouring common green, you will find more fitness stations as well as a multi-purpose court. The rooftop garden of the multi-storey car park is yet another landscaped space in Buangkok Vale where you can relax and enjoy the beautiful greenery all around. Sheltered linkways connect all blocks to the multi-storey car park and drop-off porch.

Enriching Environment

Various edutainment facilities are also available here. Within Buangkok Vale, there is an educational canopy walk lined with different tropical fruit trees and information panels of the botanical species along the walk. There is even a seating area for residents to relax amid the scents and sounds of this garden escape.

For the school-going children, there is an outdoor classroom facility that’s surrounded by shady trees. Here, parents can let their children study outdoors while still being close to home. Adults too can gather here to chat and relax.

Parents with young children will appreciate the convenience of having an education centre right within the development.

Nearby schools include Hougang Primary School, Hougang Secondary School and Serangoon Junior College.
A selection of 2-room, 3-room and 4-room Standard flats is available at Buangkok Vale. These flats are provided with three-quarter height windows in the living/dining room.

Quality floor finishes are provided in the kitchen, household shelter, service yard and bathrooms.

The indicative price range of these Standard flats is tabulated below:

<table>
<thead>
<tr>
<th>Flat Type</th>
<th>Floor Area (sqm)</th>
<th>Internal Floor Area (sqm)</th>
<th>No of Units</th>
<th>Indicative Price Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>2-Room</td>
<td>47</td>
<td>45</td>
<td>128</td>
<td>$68,000 - $111,000</td>
</tr>
<tr>
<td>3-Room</td>
<td>58</td>
<td>65</td>
<td>113</td>
<td>$142,000 - $182,000</td>
</tr>
<tr>
<td>4-Room</td>
<td>93</td>
<td>90</td>
<td>458</td>
<td>$231,000 - $288,000</td>
</tr>
</tbody>
</table>

Notes:
1. Floor area refers to the estimated area of the whole apartment, inclusive of the area of the air-conditioner ledge (where applicable).
2. Internal floor area refers to the estimated area of the apartment computed based on the centre line of the apartment wall.
3. The indicative prices do not include the cost of optional components. Actual selling prices will vary according to the attributes of the individual units at the time of selection.

1. The Household Shelter is designed for use as civil defence shelter. The walls, ceiling, floor and door of the Household Shelter shall not be hacked, drilled, altered or removed. Air-con panel in the Main Bedroom will not be provided. You are advised to visit HDB’s website at www.hdb.gov.sg for information on renovation rules.

2. The common areas and spaces fronting or surrounding the flats are not available for purchase, and HDB will not accede to any requests from purchasers to purchase and enclose the common areas.

The plans and information in this brochure are the copy right of the Housing & Development Board (HDB), Singapore. The HDB reserves the right at any time without notice and at its sole discretion, to change any aspect of this project including but not limited to the omission, amalgamation of or increasing or reducing the communal facilities and amenities. All art renderings, illustrations, pictures, photographs and other graphic representations and references are artist’s impression only. Similarly, all dimensions, areas, plans, colour schemes, descriptions and specifications noted herein are subject to change or alteration without notice if required by the Competent Authority or at HDB's sole and absolute discretion. The HDB will not entertain any request for alteration of the layout or specifications of a flat, to meet individual needs. The void deck in any apartment block may subsequently be used for facilities, such as child care centres, education centres, resident’s committee centres and such other facilities as HDB shall deem fit.

*The Floor Areas are scaled Strata Areas.*
