Senja Gateway is the first HDB development visible from the Kranji Expressway (KJE) exit. The name Senja Gateway aptly reflects its landmark location at the gateway to Bukit Panjang Town.

Senja Gateway comprises 741 units of Studio Apartments, 4-room and 5-room Standard flats which are spread across four residential blocks. The blocks vary from 24 to 34 storeys in height.

Conveniences Within Reach

In addition to being conveniently close to the Kranji Expressway, commuting to other parts of the island will become a breeze with the upcoming Bukit Panjang MRT station along Downtown Line 2.

Shopping, dining options and entertainment options abound at Bukit Panjang Plaza and Greenridge Shopping Centre. Visit the library at Bukit Panjang Plaza for a wide range of books and multimedia materials.

Embrace an active lifestyle. Put on your running shoes and enjoy a jog along the future park connector that’s next to the development. Other alternative routes include the Pang Sua and Bukit Panjang park connectors. You can also look forward to the upcoming sports and recreation centre located next to the Pang Sua pond. Indulge in a swim or pick up a new sporting activity with family and friends. Also located here is a community club which will offer a multitude of enrichment courses and activities.

Within the town, there are a range of primary and secondary schools such as West View Primary School, Bukit Panjang Primary School and West Spring Secondary School. Pioneer Junior College is also nearby.
Enjoy a range of facilities at your doorstep when you come home to Senja Gateway.

For your everyday convenience, Senja Gateway has its own minimart, eating house and shops. Shop and dine without leaving the comfort of home.

From the large central green to the garden roof deck on the multi-storey car park, extensive greenery thrives throughout Senja Gateway. Within verdant landscaped spaces, you can enjoy the use of a range of amenities that cater to all ages. Work out at the adult and elderly fitness stations, enjoy a game at the hard court or watch the children play at the playground.

An amphitheatre and a precinct pavilion serve as ideal venues for gatherings with neighbours and friends. In addition, there are also resting shelters where you can relax while appreciating the landscape all around. Sheltered walkways linking all residential blocks to the drop-off porch and multi-storey car park protect you from the weather as you move about the development.
Senja Gateway offers a choice of Studio Apartments, 4-room and 5-room Standard flats.

The Studio Apartments are designed specially to meet the needs of those 56 years and above. At a compact size of 35 sqm or 45 sqm, each apartment will be in ready-to-move-in condition and is furnished with essentials such as elderly-friendly fixtures, ceramic floor tiles, a built-in wardrobe, kitchen cabinets and more.

All the units come with three-quarter height windows in the living/dining area. Some of the 5-room flats have an additional space in the Master bedroom which functions as a cozy corner. Indulge in a leisure read here as you take in views of your surroundings.

The indicative price range of these Standard flats is tabulated below:
