Waterway Terraces II | 3-, 4- & 5-room Premium Flats

HDB brings you yet another exciting waterfront development, Waterway Terraces II. The development is well located along My Waterway@Punggol, and conveniently sited near the proposed town centre and Punggol MRT/LRT station. Comprising three 10 to 18 storey residential blocks arranged around two hexagonal courtyards, Waterway Terraces II lets you choose from 804 units of 3-, 4- and 5-room Premium flats to call your home.

Terraced Roof Gardens

Developed with the same design concept as Waterway Terraces I, Waterway Terraces II exudes characteristic charm with its terraced roof gardens, reminiscent of South East Asia’s terraced rice fields. This is also the inspiration behind the development name. Together with Waterway Terraces I, both projects create breathtaking views with their cascading Skylines, especially poignant when viewed from along the promenade.

The roof gardens are open to the public and offer panoramic views of the waterway. The gardens also house amenities for both relaxation and play.
Conveniences galore

Waterway Terraces II is designed with landscaped greenery along the waterfront promenade, housing a range of recreational facilities for both the young and old. Kids can take to the children’s playgrounds located here for their fun and games, while the older folks can choose to work out at the elderly fitness station. Resting shelters are interspersed along the landscape to provide ideal spots for rest.

With direct access to My Waterfront@Punggol, residents can choose to take relaxing riverside jogs right by the banks of the waterway.

The development’s two courtyards are embellished with lush planting. They offer garden spaces, small walkways and comfortable seatings, giving residents alternative places to explore or unwind.

Green living

Waterway Terraces II has been conferred the Green Mark Platinum Award for outstanding eco-friendly features, doing its part for the environment and enhancing the overall living experience for its residents.
Facade
- Designed to minimize heat gains and maximize ventilation and lighting, thus providing residents with greater indoor comfort.

Verdant Landscaping
- Helps regulate the micro-climate and provides residents with fresh air and scenic views.

Solar Power
- The clean and renewable source of solar energy is used to supplement lighting needs at common areas.

Water-efficient Sanitary Wares and Fittings
- Installed in all the units to achieve efficient use of water.

Ease of Recycling
- Separate recyclable refuse chute is provided for convenient recycling.

Rain Gardens
- Pollutants and silt from rain and surface run-off are cleaned via the rain gardens before being discharged into the waterway. These gardens also create natural habitats where birds and insects can thrive.

Promote use of Bicycles
- Bicycle racks are provided just outside the carpark to encourage use of these environmentally friendly form of transport.

Waterfront town delights

In this Eco-Town of Punggol, residents will find the best of both urban living and lush green spaces.

With a proposed Town Centre and Sports Complex nearby, and an upcoming Punggol 21 Community Club, residents can expect lots of excitement coming their way. Punggol MRT/LRT station and bus interchange located within the proposed town centre makes commuting a breeze. Within Punggol town, Punggol Plaza is the destination to head to for shopping, dining and leisure delights. You can find out more about the heartland shops there by clicking on Where2Shop@HDB.

My Waterway@Punggol and My Waterfront@Punggol are located right at the development’s doorstep, providing residents with scenic routes to jog, stroll or unwind, right by the waterside. Nature lovers will easily find rejuvenation in their surrounds with Punggol Reservoir and Punggol Promenade nearby, as well as Lorong Halus Wetland and the upcoming Rustic Park at Coney Island.

With so many attractions, living at Waterway Terraces II is the ideal way to enjoy a delightful waterfront lifestyle, right at home.
